(1) Delinquency (31-60 Days), (61-90 Days), (90+ Days) represents the amounts which were 31-60, 61-90, and 90+ days delinquent at the end of the Reporting Period, shown as a percentage of the Pool Balance at the end of the Reporting Period.

(2) Payment Rate is the total cardholder payments (which for greater certainty exclude Pool Interchange Amounts) for the Reporting Period, shown as a percentage of the Pool Balance at the end of the preceding Reporting Period.

(3) Loss Rate represents the amounts which became Defaulted Amounts in the Reporting Period, but do not include amounts attributable to fraud, less the amount of any Recoveries in the Reporting Period, shown as a percentage of the average daily Pool Balance for the Reporting Period and annualized based on the actual number of days in the fiscal year and Reporting Period.

(4) Gross Yield is the Card Income billed in the Reporting Period, plus Pool Interchange Amounts, shown as a percentage of the average daily Pool Balance for the Reporting Period and annualized based on the actual number of days in the fiscal year and Reporting Period.

(5) Base Rate is the sum of the Series Interest and Additional Funding Expenses for the Reporting Period, shown as a percentage of the daily weighted average of the balance of the Notes outstanding during such Reporting Period and annualized based on a 365 day year and the actual number of days in the Reporting Period.

(6) EU Risk Retention Requirements

Canadian Imperial Bank of Commerce, as originator, retains a material net economic interest of not less than 5 percent in the securitization in accordance with the text of each of Article 405(1) of Regulation (EU) No 575/2013 (the Capital Requirements Regulation), Article 51(1) of Regulation (EU) No 35/2015 (the Solvency II Regulation), and Article 254 of Regulation (EU) No 35/2015 (the Solvency II Regulation) (which, in each case, does not take into account any relevant national measures). As at the date of this report, such interest will be comprised of an originator's interest, in this case through its holding of the Retained Interest, as required by the text of each of paragraph (b) of Article 405(1), paragraph (b) of Article 254(2). Any change to the manner in which such interest is held will be notified to Noteholders.

Relevant existing and prospective investors are required to independently assess and determine the sufficiency of the information described above, in any prospectus or offering memorandum and which otherwise may be made available to investors (if any) generally for the purposes of complying with the requirements of each of Part Five of the Capital Requirements Regulation (including Article 405), Section Five of Chapter III of the AIFM Regulation (including Article 251), Chapter VIII of the Solvency II Regulation (including Article 254) and any national measures or applicable regulations which may be relevant.

(7) US Risk Retention Requirements

(a) The Seller's Interest is equal to the Pool Balance minus the outstanding amounts of all Notes issued by the Issuer. This calculation excludes any series that have been issued or have matured during the period from the end of the month to the date this report has been issued.

(b) The Seller's Interest Percentage is calculated by dividing the Seller's Interest by the aggregate principal amount of all outstanding Notes issued by the Issuer to third-parties ("Adjusted ABS Interests"). The required risk retention percentage is 5%. This calculation excludes any series that have been issued or have matured during the period from the end of the month to the date this report has been issued.
