- Retail and Business Banking provides clients across Canada with financial advice, banking, investment, and authorized insurance products and services through a strong team of advisors and more than 1,100 branches, as well as our ABMs, mobile sales force, telephone banking, online and mobile banking
- Wealth Management provides relationship-based advisory services and an extensive suite of leading investment solutions to meet the needs of institutional, retail and high net worth clients. Our asset management, retail brokerage and private wealth management businesses combine to create an integrated offer, delivered through more than 1,500 advisors across Canada and the U.S.
- Wholesale Banking provides a wide range of credit, capital markets, investment banking and research products and services to government, institutional, corporate and retail clients in Canada and in key markets around the world.
Corporate and Other includes the six functional groups - Technology and Operations, Corporate Development, Finance, Treasury, Administration, and Risk Management - that support CIBC's SBUs. The expenses of these functional groups are generally allocated to the business lines within the SBUs. Corporate and Other also includes our International banking operations comprising mainly CIBC FirstCaribbean, strategic investments in the CIBC Mellon joint ventures and The Bank of N.T. Butterfield and Son Limited, and other income statement and balance sheet items not directly attributable to the business lines.

1 Trading revenue comprises net interest income and non-interest income. Net interest income arises from interest and dividends related to trading assets and liabilities other than derivatives, and is reported net of interest expense and ncome associated with funding these assets and liabilities. Non-interest income includes unrealized gains and losses on security positions held, and gains and losses that are realized from the purchase and sale of securities. Non-interest ncome also includes realized and unrealized gains and losses on trading derivatives. Trading revenue excludes underwriting fees and commissions on securities transactions, which are shown separately in the consolidated statement of ncome.
2 Trading activities and related risk management strategies can periodically shift income between net interest income and non-interest income. Therefore, we view total trading revenue as the most appropriate measure of trading performance.
3 Reported within Wholesale Banking. See "Strategic business units overview" section in our 2013 annual MD\&A for further details.
4 Certain prior period information has been reclassified to conform to the presentation adopted in the current period.
5 Includes TEB adjustment (Q2/14: \$124 million; Q1/14: \$110 million).
6 See footnote 2 on page 6 under Non-interest income.
