

UK MiFIR product governance / Retail investors, professional investors and ECPs target market – Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is retail clients, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"), and eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA ("UK MiFIR"); and (ii) all channels for distribution of the Notes are appropriate, including investment advice, portfolio management, non-advised sales and pure execution services, subject to the suitability and appropriateness obligations of the Distributor (as defined below) under COBS, as applicable. Any person subsequently offering, selling or recommending the Notes (a "Distributor") should take into consideration the manufacturer's target market assessment; however, a Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the Distributor's suitability and appropriateness obligations under COBS, as applicable.

PRIIPs Regulation – PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the European Economic Area ("EEA"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the "Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

2.3 **What are the key risks that are specific to the issuer:** The key risks relating to the Issuer are set out below:

- **Inflation, Interest Rates and Economic Growth:** As inflation eased in 2024, central banks began reducing interest rates in the back half of the year. While interest rates will gradually begin to provide financial relief to clients, unemployment continues to be a headwind. Commercial office real estate, particularly in the United States, continues to face challenges due to post COVID-19 hybrid work arrangements and high interest rates, negatively impacting office asset valuations. The impact of interest rates on Canadian mortgages is discussed under the risk factor entitled "Canadian consumer debt and the housing market" below and in the "Credit risk – Real estate secured personal lending" section on pages 63-65 of CIBC's 2024 Annual Report. CIBC is closely monitoring the macroeconomic environment and assessing its potential adverse impact on its clients, counterparties and businesses.
- **Geopolitical risk:** The level of geopolitical risk escalates at certain points in time. While the specific impact on the global economy and on global credit and capital markets would depend on the nature of the event, in general, any major event could result in instability and volatility, leading to widening spreads, declining equity valuations, flight to safe-haven currencies and increased purchases of gold. In the short run, market disruption could hurt the net income of CIBC's trading and non-trading market risk positions. Geopolitical risk could reduce economic growth, and in combination with the potential impacts on commodity prices and protectionism, including from tariffs and other retaliatory measures, could have serious negative implications for general economic and banking activities and may have adverse impacts on the Issuer's business, results of operations and financial condition.
- **Climate Risk:** The physical effects of climate change along with regulations designed to mitigate its negative impacts will have a measurable impact on communities and the economy. The physical risks of climate change resulting from severe

weather events and systemic issues such as rising sea levels can impact CIBC's profitability through disruptions in its own operations and damage to critical infrastructure. Transition risks, which arise as society adjusts towards a low-carbon future, can impact the financial health of its clients as changes in policy and technology aimed at limiting global warming can increase their operating costs and reduce profitability, while translating into potentially higher credit losses for CIBC. CIBC is also exposed to reputational risks due to changing stakeholder expectations related to action or inaction in addressing climate-related risks.

- **Technology, information and cyber security risk:** Financial institutions like CIBC are evolving their use of technology and business processes to improve the client experience and streamline operations. At the same time, cyber threats and the associated financial, reputational and business interruption risks have also increased. CIBC continues to actively manage these risks through strategic risk reviews, enterprise-wide technology and information security programs, with the goal of maintaining overall cyber-resilience that prevents, detects, and responds to threats such as data breaches, malware, unauthorized access, and denial-of-service attacks, which can result in damage to CIBC systems and information, theft or disclosure of confidential information, unauthorized or fraudulent activity, and service disruption.

- **The Issuer's results could be affected by legislative and regulatory developments in the jurisdictions where the Issuer conducts business:** As the Issuer operates in a number of jurisdictions and its activities are subject to extensive regulation in those jurisdictions, the Issuer's financial performance and position could be affected by changes to law, statutes, regulations or regulatory policies, rules or guidelines in those jurisdictions where the Issuer operates, including changes in their interpretation, implementation or enforcement.

- **Risks related to legal proceedings and other contingencies:** In the ordinary course of its business, the Issuer is a party to a number of legal proceedings, including regulatory investigations, in which claims for substantial monetary damages are asserted against the Issuer and its subsidiaries. It is possible that the Issuer could receive judicial or regulatory decisions or judgments that result in fines, criminal prosecution, damages and other costs that could damage its reputation and have a negative impact on the Issuer's results.

- **The Issuer relies on third parties to provide certain key components of its business infrastructure:** Third parties provide key components of the Issuer's business infrastructure such as Internet connections and network access and other voice or data communication services. Given the high volume of transactions the Issuer processes on a daily basis, certain errors may be repeated or compounded before they are discovered and successfully rectified. Despite any contingency plans the Issuer may have in place, the Issuer's ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports the Issuer's businesses and the communities in which they are located.

- **Borrower and Counterparty Risk Exposure:** The ability of the Issuer to make payments in connection with any Notes is subject to general credit risks, including credit risks of borrowers. The failure to effectively manage credit risk across the Issuer's products, services and activities can have a direct, immediate and material impact on the Issuer's earnings and reputation.

- **Changes in financial markets, market rates and prices may adversely affect the value of financial products held by the Issuer:** The performance of financial markets may affect the value of financial products held by the Issuer. This market risk arises from positions in securities and derivatives held in the Issuer's trading portfolios, and from its retail banking business, investment portfolios and other non-trading activities. Market risk is the risk of economic financial loss in the Issuer's trading and non-trading portfolios from adverse changes in underlying market factors, including interest rates, foreign exchange rates, equity market prices, commodity prices, credit spreads, and customer behaviour for retail products.

Section C KEY INFORMATION ON THE SECURITIES

3.1 What are the main features of the securities?

3.1.1 **Type and class of Notes and ISIN:** The Notes are Preference Share Linked Notes. The Notes will be uniquely identified by ISIN: XS3145690916; Common Code: 314569091; Series Number: SPUK 083. The Notes do not bear interest. The amount payable (if any) on redemption of the Notes is linked to the performance of an underlying preference share issued by Tower Securities Limited (the "**Preference Share Issuer**"). The performance of such preference share is in turn linked to the performance of an underlying index, the Standard and Poor's 500® Index (the "**Preference Share Underlying**"), thereby providing investors in the Notes with a return linked to such underlying index.

3.1.2 **Currency, nominal amount/denomination, par value, aggregate nominal amount and term of the securities:**

The currency of the Notes is British Pounds Sterling ("£" or "**GBP**"). The nominal amount per Note is GBP 1,000 and integral multiples of GBP 1.00. The minimum trading size is GBP 1,000. The calculation amount is GBP 1.00 per Note (the "**Calculation Amount**"). The Notes are issued in registered form in accordance with Regulation S and will initially be represented by a global note.

The aggregate nominal amount of the Notes to be issued is up to GBP 2,000,000. The Issuer may increase the "up to" aggregate principal amount of the Notes.

The term of the Notes is from the issue date to the Maturity Date. The scheduled maturity date (the "**Maturity Date**") of the Notes is 3 October 2028, subject to an early redemption of the Notes.

3.1.3 **Rights attached to the Notes:**

Governing Law: The governing law of the Notes is English law.

Calculation Agent: Canadian Imperial Bank of Commerce, Toronto Main Branch

The Notes will give each holder of Notes (a "**Noteholder**") the right to receive the following:

- **Interest:** The Notes do not bear or pay any interest.
- **Redemption:** The return on the Notes will derive from the payment of the redemption amount on the Maturity Date of the Notes, which is dependent upon changes in the market value of the Preference Shares, which may fluctuate up or down depending on the performance of the Preference Share Underlying as set out in the terms and conditions of the Preference Shares (the "**Preference Share Conditions**") and the financial condition and standing of the Preference Share Issuer.
- **Redemption Amount:** Unless previously redeemed or purchased and surrendered for cancellation, the Notes will be redeemed by the Issuer on the Maturity Date by payment of the Final Redemption Amount, which shall be an amount determined by the Calculation Agent on the Final Valuation Date in accordance with the following formula:

$$\text{Calculation Amount} \times \frac{\text{Preference Share Value}_{\text{Final}}}{\text{Preference Share Value}_{\text{Initial}}}$$

Where:

"**Final Valuation Date**" means 19 September 2028.

"**Preference Share Value**" means the value of a Preference Share, as determined by the Calculation Agent.

"**Preference Share Value_{Final}**" means the Preference Share Value of the Preference Share on the Final Valuation Date.

"**Preference Share Value_{Initial}**" means the Preference Share Value of the Preference Share on the Initial Valuation Date, being GBP 1.00.

- **Early redemption:** In certain circumstances (such as the Issuer receiving notice from the Preference Share Issuer or the Preference Share Calculation Agent that the Preference Shares will be redeemed early following the occurrence of certain events in relation to the Preference Shares or the Preference Share Issuer (such as an illegality, a change in law that results in the Preference Share Issuer being subject to additional regulation or an external event affecting an underlying asset to which the Preference Shares are linked)), the Issuer will redeem the Notes early at the Early Redemption Amount. The Calculation Agent may also determine the occurrence of an Extraordinary Event or Additional Disruption Event in relation to the Notes. Upon such determination, the Issuer may, at its option redeem the Notes in whole at the Early Redemption Amount, which is an amount calculated by the Calculation Agent equal to:

$$\text{Calculation Amount} \times \frac{\text{Preference Share Value}_{\text{Early}}}{\text{Preference Share Value}_{\text{Initial}}}$$

Where:

"**Early Preference Share Redemption Valuation Date**" means the second Business Day immediately preceding the date for early redemption of the Notes.

"**Preference Share Value_{Early}**" means the Preference Share Value of the Preference Share on the Early Preference Share Redemption Valuation Date.

"**Preference Share Value_{Initial}**" means the Preference Share Value of the Preference Share on the Initial Valuation Date, being GBP 1.00.

3.1.4 **Rights attached to the Preference Shares:**

- **Interest:** The Preference Shares do not bear or pay any interest.
- **Redemption:** The return on the Preference Share will, unless the Preference Share has been previously redeemed or purchased and cancelled, derive from the payment of the Preference Share Final Redemption Amount on the Preference Share Redemption Date of the Preference Share.
- **Preference Share Final Redemption Amount:** Subject to the provisions of the Articles and the Preference Share Conditions, in respect of each Preference Share, the Preference Share Final Redemption Amount is an amount expressed determined by the Calculation Agent equal to:
 - (a) if the Preference Shares have not been redeemed prior to the Valuation Date and there has not been a Knock-in Event:

Notional Amount x Final Redemption Percentage

(b) if the Preference Shares have not been redeemed prior to the Valuation Date and there has been a Knock-in Event:

Notional Amount x Index Performance

Where:

“**Final Index Level**” means the Index Level of the Index on the Valuation Date.

“**Final Redemption Percentage**” means 118.50 per cent.

“**Knock-in Barrier**” means the product of (a) 65% and (b) the Initial Index Level of the Index.

“**Knock-in Event**” means the Index Level of the Index on the Valuation Date is **less than** the Knock-In Barrier.

“**Notional Amount**” means GBP 1.00 per Preference Share.

“**Strike Date**” means 19 September 2025.

“**Valuation Date**” means 19 September 2028.

- **Early redemption:** In certain circumstances (such as an illegality, a change in law that results in the Preference Share Issuer being subject to additional regulation or an external event affecting an underlying asset to which the Preference Shares are linked)), the Preference Share Issuer may redeem the Preference Shares early at the Preference Share Early Redemption Amount, which is an amount calculated by the Calculation Agent as the fair market value of a Preference Share as of the Preference Share Early Valuation Date taking into account such factor(s) as the Calculation Agent determines appropriate,

3.1.4 **Relative seniority of the securities in the Issuer's capital structure in the event of insolvency:** The Notes are Senior Notes and constitute deposit liabilities of the Issuer for purposes of the Bank Act. The Notes will rank *pari passu* with all deposit liabilities of the Issuer (except as otherwise prescribed by law) without any preference amongst themselves. The Notes are not deposits insured under the CDIC Act. The Notes are not subject to Canada's bank resolution powers.

3.1.5 **Description of restrictions on free transferability of the securities:** The Notes are freely transferable (subject to all applicable laws). However, there are restrictions on the offer and sale of the Notes. The Issuer and Canadian Imperial Bank of Commerce, London Branch, 150 Cheapside, London EC2V 6ET (the “**Dealer**”) have agreed restrictions on the offer, sale and delivery of the Notes and on distribution of offering materials in the European Economic Area, the United Kingdom, Canada and the United States of America.

3.2 **Where will the securities be traded?** Application will be made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the Main Market of the London Stock Exchange plc (“**London Stock Exchange**”) and to the Official List of the UK Financial Conduct Authority (“**FCA**”) with effect on or around the issue date.

3.3 **What are the key risks that are specific to the securities?** Key risks relating to the Notes include:

- **Risks related to Preference Share Linked Notes:** The Final Redemption Amount of the Notes is dependent upon changes in the market value of the relevant Preference Shares, which may fluctuate up or down depending on (A) the performance of the Standard and Poor's 500® Index, as set out in the Preference Share Conditions and (B) the financial condition and standing of the Preference Share Issuer. If as a result of the performance of the Preference Share Underlying, the market value of the Preference Shares decreases, the value of the Notes will be adversely affected. This could negatively affect the value of the Preference Share and therefore the value of the Notes.

An investment in Notes does not confer any legal or beneficial interest in the Preference Shares or any Preference Share Underlying or any voting rights, right to receive dividends or other rights that a holder of the Preference Shares or any Preference Share Underlying may have. This means that potential losses in value of the Notes cannot be compensated by other income.

The Notes are not principal protected. They are exposed to the performance of the relevant Preference Shares and accordingly they risk losing all or a part of their investment if the value of the Preference Shares does not move in a positive direction.

In certain circumstances (such as the Issuer receiving notice from the Preference Share Issuer or the Preference Share Calculation Agent that the Preference Shares will be redeemed early following the occurrence of certain events in relation to the Preference Shares or the Preference Share Issuer (such as an illegality, a change in law that results in the Preference Share Issuer being subject to additional regulation or an external event affecting an underlying asset to which the Preference Shares are linked)), the Issuer will redeem the Notes early at the Early Redemption Amount in accordance with the Preference Share Linked Conditions, as determined by it or the Calculation Agent without the consent of the holders of the

Notes. The Calculation Agent may determine the occurrence of an Extraordinary Event or Additional Disruption Event in relation to the Notes. Upon such determination, the Issuer may, at its option redeem the Notes in whole at the Early Redemption Amount.

- **The tax treatment of the Notes is uncertain:** The tax treatment of the Notes is uncertain and the tax treatment applicable to such Notes may change before the maturity, exercise or redemption (as applicable) of the Notes. Prospective investors should consult their own independent tax advisors before making an investment in the Notes.

In particular, the Issuer, Canadian Imperial Bank of Commerce, London Branch and their affiliated entities may have interests in other capacities (such as other business relationships and activities) and

“Preference Share Early Valuation Date” means the date specified as such in the relevant Preference Share Early Redemption Notice which shall fall not less than one day and not more than 180 days following the day such Preference Share Early Redemption Notice is given. The Preference Share Early Redemption Notice may provide that such date is subject to adjustment in accordance with certain disruption or adjustment events, as determined by the Calculation Agent.

“Preference Share Final Redemption Amount” means, subject to the provisions of the Articles and the Conditions, in respect of each Preference Share, an amount expressed in the Settlement Currency determined by the Calculation Agent equal to:

- (a) if the Preference Shares have not been redeemed prior to the Valuation Date and there has not been a Knock-in Event:

$$\text{Notional Amount} \times \text{Final Redemption Percentage}$$

- (b) if the Preference Shares have not been redeemed prior to the Valuation Date and there has been a Knock-in Event:

$$\text{Notional Amount} \times \text{Index Performance}$$

“Preference Share Final Redemption Date” means the day falling ten Business Days after the Valuation Date.

“Related Exchange” means, in respect of an Index, the exchange or quotation system specified as such in the definition of “Index” or any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to the Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to the Index on such temporary substitute exchange or quotation system as on the original Related Exchange).

“Related Financial Product” means any financial product which references directly or indirectly the Preference Shares.

“Scheduled Closing Time” means, in respect of the relevant Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Trading Day” means any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

“Strike Date” means, subject to the Adjustment Conditions, 19 September 2025 or if such date is not a Scheduled Trading Day the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent such day is a Disrupted Day. If such day is a Disrupted Day, then the provisions in Condition 12 (*Consequences of Disrupted Days*) shall apply.

“Trading Disruption” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange, as the case may be, or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise: (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on any Related Exchange.

“Valuation Date” means, in respect of an Index and subject to the Adjustment Provisions, 19 September 2028 or, if such date is not a Scheduled Trading Day the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent such day is a Disrupted Day. If such day is a Disrupted Day, then the provisions of Condition 12 (*Consequences of Disrupted Days*) shall apply.

“Valuation Time” means the Scheduled Closing Time on the relevant Exchange on the Strike Date or the Valuation Date, as the case may be. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

2. REDEMPTION AND PAYMENT

The method for determining the Preference Share Final Redemption Amount or the Preference Share Early Redemption Amount shall be as set out in the Conditions and Article 49.4 (*Redemption of Redeemable Preference Shares*) of the Articles shall not apply.

2.1 FINAL REDEMPTION

If the Preference Shares have not:

- (a) been previously redeemed in accordance with Condition 2.3 (*Company Call*), Condition 2.4 (*Shareholder Put*) or Condition 3 (*Early Redemption if there is a Preference Share Early Redemption Event*); or

- (b) become redeemable under Condition 3 (*Early Redemption if there is a Preference Share Early Redemption Event*),

each Shareholder shall have the right exercisable from and including the Valuation Date to and including the Preference Share Final Redemption Date, by giving notice to the Company, to require the Company immediately to pay or cause to be paid, and if that right is not exercised, the Company will pay or cause to be paid on the Preference Share Final Redemption Date, the Preference Share Final Redemption Amount in respect of each Preference Share in the Settlement Currency, subject to applicable laws, the Articles and the Conditions.

2.2 PAYMENT ON A WINDING UP OR RETURN OF CAPITAL

The provisions of Articles 47.1 (*Capital*) and 47.2 (*Capital*) shall apply to the Preference Shares.

2.3 COMPANY CALL

The Company shall have the right exercisable during the Call and Put Period to redeem compulsorily all of the then outstanding Preference Shares at the Call and Put Redemption Amount payable on the date that right is exercised in accordance with the Articles, the Conditions and in the manner determined by the Company.

Upon the Company exercising its right in accordance with Condition 2.3, it shall give a Preference Share Early Redemption Notice as soon as practicable to Shareholders in accordance with Condition 6 (*Notices*) of the early redemption of each of the then outstanding Preference Shares.

2.4 SHAREHOLDER PUT

If the Company has not given notice of its right to redeem compulsorily the Preference Shares in accordance with Condition 2.3 (*Company Call*), each Shareholder shall have the right exercisable during the Call and Put Period, by giving notice to the Company, to have all of its outstanding Preference Shares redeemed at the Call and Put Redemption Amount payable on the date that right is exercised in accordance with the Articles, the Conditions and in the manner determined by the Company.

Upon the occurrence of a Shareholder exercising its right in accordance with Condition 2.4, the Company shall give a Preference Share Early Redemption Notice as soon as practicable to Shareholders in accordance with Condition 6 (*Notices*) of the early redemption of each of the then outstanding Preference Shares.

3. EARLY REDEMPTION IF THERE IS A PREFERENCE SHARE EARLY REDEMPTION EVENT

If the Company, or the Calculation Agent on behalf of the Company, determines that there is a Preference Share Early Redemption Event falling within paragraphs (a) to (c) of the definition of Preference Share Early Redemption Event, the Company, or the Calculation Agent on behalf of the Company, may, but shall not be obliged to elect to redeem early the outstanding Preference Shares by giving a Preference Share Early Redemption Notice to Shareholders in accordance with Condition 6 (*Notices*) below, and if the Company, or the Calculation Agent on behalf of the Company, determines that there is a Preference Share Early Redemption Event falling within paragraph (d) of that definition then the Company, or the Calculation Agent on behalf of the Company, must redeem early the Preference Shares by giving a Preference Share Early Redemption Notice to Shareholders in accordance with Condition 6 (*Notices*) below.

For the purposes of this Condition 3 only, following the delivery of a Preference Share Early Redemption Notice, each Shareholder shall have the right exercisable from and including the Preference Share Early Valuation Date to and including the Preference Share Early Redemption Date to require the Company to redeem the Preference Shares immediately (and if that right is not exercised the Company will redeem all of the Preference Shares on the Preference Share Early Redemption Date) at the Preference Share Early Redemption Amount in respect of each Preference Share, subject to applicable laws, the Articles and the Conditions.

4. **DIVIDENDS**

In accordance with the Articles, no dividends will be paid in respect of the Preference Shares.

5. **FURTHER PREFERENCE SHARES**

The Company shall be entitled to issue further Preference Shares from time to time to be consolidated and form a single class with the Preference Shares **provided that** the rights conferred upon the Shareholders shall not be varied, amended or abrogated by the creation, allotment or issue of any further Preference Shares of the same class as the Preference Shares or any different class.

6. **NOTICES**

Notices to Shareholders shall be delivered to Shareholders at the address for each Shareholder set out in the register of members of the Company with a copy to the Calculation Agent. Any such notice will become effective on the first calendar day after such delivery to such address. Where a notice is being delivered in accordance with Condition 3 (*Early Redemption if there is a Preference Share Early Redemption Event*), such notice shall specify the relevant Preference Share Early Valuation Date. A copy of any Preference Share Early Redemption Notice shall also be delivered to any Hedging Counterparty.

Notices to the Company shall be delivered to the Company at the address of the registered office of the Company with a copy to the Calculation Agent. Any such notice will become effective on the first calendar day after such delivery to such address.

7. **CALCULATIONS AND DETERMINATIONS**

Any calculations, determinations and adjustments to be made in relation to the Conditions shall (a) unless otherwise specified, be made by the Calculation Agent and in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Conditions and the hedging arrangements entered into with any Hedging Counterparty) and (b) be final and binding upon the Company, the Shareholders and any Related Financial Product investors and the Calculation Agent shall not have any liability to the Company, the Shareholders or any Related Financial Product investors in respect of any calculation, determination or adjustment made or provided by it.

Notwithstanding that certain calculations, determinations and adjustments in the Conditions may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to the Conditions the Calculation Agent has a number of discretions. These are necessary since certain circumstances or the occurrence of certain events may materially affect the costs to the Company and/or a Hedging Counterparty (including in relation to any Related Financial Product) and/or

any issuer or obligor of a Related Financial Product of maintaining the Preference Shares or a Related Financial Product or hedging arrangements for the Preference Shares or a Related Financial Product, in each case before and after the occurrence of such event in a way which has not been reflected in the pricing of the Preference Shares and/or the Related Financial Product. In addition, certain circumstances may arise where it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent also may exercise certain discretions.

8. SEVERABILITY

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

9. GOVERNING LAW AND JURISDICTION

The Conditions and all non-contractual obligations arising from or in connection with the Conditions shall be governed by and construed in accordance with English law. The English courts shall have exclusive jurisdiction to deal with any dispute and all non-contractual obligations arising from or in connection with the Conditions.

10. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any rights to enforce any terms or conditions of the Preference Shares under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from the Contracts (Rights of Third Parties) Act 1999.

11. CALCULATION AGENT MODIFICATIONS

The Calculation Agent will employ the methodology and comply with the provisions described in the Conditions to determine the amounts payable in respect of the Preference Shares. The Calculation Agent's determination in the application of such methodology and compliance with the provisions shall be final, conclusive and binding on the Company and Shareholders except in the case of manifest error.

The Calculation Agent shall be free to modify such methodology or provisions from time to time, acting in good faith and in a commercially reasonable manner, (1) as it deems appropriate in response to any market, regulatory, juridical, fiscal or other circumstances which may arise which, in the opinion of the Calculation Agent, necessitates or makes desirable (taking into account the interests of the Company and any obligor of a Related Financial Product) a modification or change of such methodology or provisions or (2) for the purposes of (i) preserving the intended economic terms of the Preference Shares or (ii) curing any ambiguity or correcting or supplementing any provision of the Conditions or (iii) accounting for any change in the basis on which any relevant values, levels or information is calculated or provided which would materially change the commercial effect of any provision or provisions of the Conditions or (iv) replacing any information provider or source or (v) making amendments to the provisions of a formal, minor or technical nature or (vi) correcting any manifest or proven errors or (vii) making such amendments to comply with mandatory provisions of any applicable laws, provided that no modification by the Calculation Agent constituting a variation (or deemed variation) of the rights of the Preference Shares (or any other class of shares of the Company) for the purposes of sections 630-640 of the Companies Act 2006 (including any statutory modification or re-enactment of it for the time being in force) and/or the Articles shall have effect unless previously approved in accordance with the Companies Act 2006 and the Articles.

Other than with respect to payments, where the Company fails to exercise any discretion or take any action provided to it in the Conditions when the exercise of such discretion or action would be necessary or desirable (as determined by the Calculation Agent), the Calculation Agent may exercise such discretion on its behalf.

12. CONSEQUENCES OF DISRUPTED DAYS

If any Scheduled Valuation Date is a Disrupted Day, then the Valuation Date or the Strike Date, as the case may be, for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and that Valuation Date for an Index affected by the occurrence of a Disrupted Day (an **"Affected Index"**) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to such Affected Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall, where applicable, determine the Reference Price using, in relation to the Affected Index, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not so practicable, using the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security/commodity comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security/commodity on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security/commodity as of the Valuation Time on that eighth Scheduled Trading Day).

13. ADJUSTMENTS

(a) Successor Index Sponsor calculates and reports an Index

If an Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (a **"Successor Index Sponsor"**) acceptable to the Calculation Agent or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then, in each case, that index (the **"Successor Index"**) will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to the Valuation Date or the Strike Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalization, contracts or commodities and other routine events) (an **"Index Modification"**) or permanently cancels the Index and no Successor Index exists (an **"Index Cancellation"**), or (ii) on the Valuation Date or the Strike Date, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an **"Index Disruption"**) and, together with an Index Modification and an Index Cancellation, each an **"Index Adjustment Event"**), then the Issuer may take the action described in (A) or (B) below:

- (A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the Reference Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date or the Strike Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities/commodities that comprised that Index immediately prior to that Index Adjustment Event; or
- (B) give notice to the Shareholders in accordance with Condition 6 (*Notices*) and redeem all, but not some only, of the Preference Shares in accordance with Condition 3 (*Early Redemption if there is a Preference Share Early Redemption Event*).

14. ADDITIONAL DISRUPTION EVENTS

- (a) Following the occurrence of an Additional Disruption Event, the Company, or the Calculation Agent on behalf of the Company, will determine whether or not the Preference Shares shall continue or be redeemed early.
- (b) If the Company, or the Calculation Agent on behalf of the Company, determines that the Preference Shares shall continue, the Calculation Agent may make such adjustment as the Calculation Agent considers appropriate, if any, to any one or more of the Conditions to account for the Additional Disruption Event and determine the effective date of that adjustment.
- (c) If the Company, or the Calculation Agent on behalf of the Company, determines that the Preference Shares shall be redeemed early, then the Company shall redeem all but not some only of the Preference Shares in accordance with Condition 3 (*Early Redemption if there is a Preference Share Early Redemption Event*).
- (d) Upon the occurrence of an Additional Disruption Event, the Company, or the Calculation Agent on behalf of the Company, shall give notice as soon as practicable to the Shareholders stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto Provided That any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

For the purposes of this Condition 14:

“Additional Disruption Event” means any of Change of Law, Hedging Disruption, Increased Cost of Hedging and/or Insolvency Filing.

“Change in Law” means that on or after the Issue Date, (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines that (A) it has become illegal to hold, acquire or dispose of any securities/commodities comprising an Index or contracts relating to such Index or (B) the Company or any Hedging Counterparty will incur a materially increased cost in performing its obligations in relation to the Preference Shares or any Related Financial Product (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Company and/or any Hedging Counterparty).

“Hedging Disruption” means that the Company and/or any Hedging Counterparty is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Company and/or any Hedging Counterparty would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Company issuing and performing its obligations with respect to the Preference Shares or of any obligor of a Related Financial Product issuing and performing its obligations with respect to a Related Financial Product, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Company and/or any Financial Product obligor shall not be deemed an Increased Cost of Hedging.

“Insolvency Filing” means that the Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Company shall not be deemed an Insolvency Filing.

15. CORRECTION OF INDEX LEVELS

With the exception of any corrections published after the day which is two Business Days prior to the due date for any payment under the Preference Shares, if the level of any Index, published by the Index Sponsor and which is utilised by the Calculation Agent for any calculation or determination (the **“Original Determination”**) under the Preference Shares is subsequently corrected and the correction (the **“Corrected Value”**) is published by the relevant Index Sponsor within five days of the original publication, the level to be used for the purposes of the Conditions (the **“Replacement Determination”**) shall be the Corrected Value. Corrections published after the day which is two Business Days prior to a due date for payment under the Preference Shares will be disregarded by the Calculation Agent for the purposes of determining the relevant amount. If the result of the Replacement Determination is different from the Corrected Value result of the Original Determination, to the extent that it determines to be necessary and practicable, the Calculation Agent may adjust the Conditions accordingly.

CALCULATION AGENT DISCLAIMERS

The Calculation Agent makes no express or implied representations or warranties as to (a) the advisability of investing in or obtaining exposure to the Preference Shares, (b) the value of the Preference Shares at any particular time on any particular date, or (c) any amounts that may become payable in respect of the Preference Shares. The Calculation Agent shall not act as agent or trustee for the holders of the Preference Shares or any Related Financial Product.

Without limiting any of the foregoing, in no event shall the Calculation Agent have any liability (whether in negligence or otherwise) to any Shareholders or Related Financial Product investors for any direct, indirect, special, punitive, consequential or any other damages (including loss of profits) even if notified of the possibility of such damages.

In addition, to providing calculation agency services to the Company, the Calculation Agent or any of its Affiliates, may perform further or alternative roles relating to the Company and any series of Preference Shares. Furthermore, the Calculation Agent or any of its Affiliates may contract with the Company and/or enter into transactions which relate to the Company, the Preference Shares or an Index and as a result the Calculation Agent may face a conflict between its obligations as Calculation Agent and its and/or its Affiliates’ interests in other capacities. Subject to all regulatory obligations, neither the Company nor the Calculation Agent in respect of the Preference Shares owes any duty or responsibility to any Shareholder

or Related Financial Product investor to avoid any conflict or to act in the interest of any Shareholder or Related Financial Product investor.
