

CIBC Pace It™ Installment Plans Terms and Conditions

The Installment Plan allows primary cardholders to repay certain eligible Card Transaction(s) in monthly installment payments in accordance with these terms and conditions.

Converting an Eligible Transaction into an Installment Plan

1. You agree to these terms and conditions. Please download or save a copy for your files. A copy of these terms and conditions are also available on CIBC.com.
2. We will identify posted Transactions that are eligible to be converted to an Installment Plan through CIBC Online and Mobile banking. When you select to create an Installment Plan, you are agreeing to convert an eligible Transaction posted on your Account to fixed installment payments (including interest), which means you will make equal payments on that eligible Transaction over a fixed period of time.
3. You will have the ability to choose the payment term (in months) with a corresponding annual interest rate. Once you accept these Terms and Conditions and create the Installment Plan, it cannot be changed. The payment terms and interest rates offered to you may change from time to time. It may take 2 to 3 business days for your Installment Plan to appear in CIBC Online and Mobile banking.
4. Eligible Transactions can only be converted to an Installment Plan (1) by the Primary Cardholder and (2) during the same statement period in which that eligible Transaction was posted and before your next Statement Date.
5. Installment Plans are only available:
 - a) on Accounts in good standing;
 - b) for certain eligible Card types and eligible Transactions; and
 - c) to non-Quebec residents.For more information on eligibility, check CIBC.com.
6. You will be charged a one-time installment set-up fee at the time or soon after the eligible Transaction is converted to an Installment Plan, as set out in the Summary of Rates and Fees and this fee will form part of the Minimum Payment in the first statement following the creation of the Installment Plan.
7. In special cases, we may make a special offer to you of an Installment Plan outside of mobile or online banking with different fees, terms and interest rates.
8. Participating in an Installment Plan does not change your credit limit. It has no impact on loyalty points or cash back that you may have already earned for your Purchase.

Making Payments

9. Your Installment Plan monthly payments are included in your Minimum Payment and Amount Due and will be billed on each monthly statement starting with the first statement following the creation of the Installment Plan.
10. If your Amount Due consists of only the sum of any Installment Plan payments due on that statement, then \$10 will not be added to your Minimum Payment.
11. You can always pay your Balance in full at any time. You cannot allocate payments on your Account between your Installment Plans and the rest of your Balance. Payments will be allocated as set out in your Cardholder Agreement. If a payment is allocated to more than one Installment Plan with the same interest rate, then it will be applied to your Installment Plans starting with the Installment Plan that will expire first.
12. Your Installment Plan monthly payment, except for the first monthly payment, is comprised of your installment plan principal and interest. The first monthly Installment Plan payment is comprised only of your Installment Plan principal.
13. If you do not pay the Minimum Payment in full in a particular month, the unpaid principal portion of your Installment Plan payment will be charged interest at the annual interest rate for regular Purchases applicable to your Account starting the first day of the next statement period after the missed payment. Interest is added to your Account at the end of each statement period. We do not charge interest on interest.
14. If you receive a credit for a Purchase that you converted to an Installment Plan, it will be applied to the Balance on your Account and be allocated as set out in your Cardholder Agreement.
15. Your last Installment Plan monthly payment may be higher than the previous Installment Plan monthly payments if you change your existing credit card to another CIBC credit card, change your statement period, or a payment is reversed on your Account in any statement period following receipt of your payment.

Interest

16. Interest will be charged at the annual interest rate you agreed to at the time of conversion of an eligible Transaction to an Installment Plan.
17. Interest on the eligible Transaction converted to an Installment Plan will be calculated as follows:
 - a) the annual interest rate for regular Purchases applicable to your Account is calculated and charged as set out in your Cardholder Agreement from the date of Purchase to the date the Purchase is converted to an Installment Plan; and
 - b) the Installment Plan interest is calculated as set out in your Cardholder Agreement. For the first statement period following creation of the Installment Plan, the interest is calculated from the date of the conversion to the Statement Date for that period and charged at the end of the next statement period.

24. If your Installment Plan is cancelled in any statement period after the statement period in which it was created, the unpaid principal of the Cancelled Installment Plan ("the Cancelled Installment Plan Amount") will be charged interest as follows:
- a) if you have paid the Amount Due (excluding the Cancelled Installment Plan Amount) for the statement period prior to the cancellation, then the unpaid Cancelled Installment Plan Amount will become subject to the annual interest rate for Purchases that applies to your Account starting the first day of the statement period following the cancellation until we receive a payment which covers the unpaid Cancelled Installment Plan Amount, or
