

Annual Management Report of Fund Performance

for the financial year ended December 31, 2023

All figures are reported in Canadian dollars unless otherwise noted.

This annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling toll-free at [1 800 465-3863](tel:18004653863), by emailing us at info@cibcassetmanagement.com, by writing to us at CIBC Square, 81 Bay Street, 20th floor, Toronto, Ontario, M5J 0E7, or by visiting our website at www.cibc.com/mutualfunds or SEDAR+ at www.sedarplus.ca.

Unitholders may also contact us using one of these methods to request a copy of the investment fund's interim financial report, proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

Management Discussion of Fund Performance

Investment Objective and Strategies

Investment Objective: CIBC Canadian Real Estate Fund (referred to as the *Fund*) seeks to provide long-term growth through capital appreciation by investing primarily in the Canadian real estate industry.

Investment Strategies: The Fund uses a bottom-up security approach for company selection based on an assessment of the quality of properties owned and an evaluation of management's track record. The approach identifies securities that are undervalued versus their peers based on established parameters. The Fund will invest primarily in real estate investment trust units and publicly-traded Canadian real estate stocks.

Risk

The Fund is a real estate equity fund that is suitable for long term investors who can tolerate medium investment risk.

For the period ended December 31, 2023, the Fund's overall level of risk remained as discussed in the simplified prospectus.

Results of Operations

The Fund's portfolio sub-advisor is Lincluden Investment Management Limited (referred to as the *Sub-Advisor*). The commentary that follows provides a summary of the results of operations for the period ended December 31, 2023. All dollar figures are expressed in thousands, unless otherwise indicated.

The Fund's net asset value decreased by 4% during the period, from \$42,415 as at December 31, 2022 to \$40,639 as at December 31, 2023. Net redemptions of \$4,917 were partially offset by positive investment performance, resulting in an overall decrease in net asset value.

Class A units of the Fund posted a return of 8.1% for the period. The Fund's primary benchmark, the S&P/TSX Composite Index (referred to as the *primary benchmark*), returned 11.8% for the same period. The Fund's return is after the deduction of fees and expenses, unlike the primary benchmark's return. See the section *Past Performance* for the returns of other classes of units offered by the Fund.

Real estate performance was most affected by rising interest rates throughout most of the year. These rising rates increased borrowing costs across the real estate sector, making growth more challenging for real estate investment trusts (referred to as *REITs*) and impacting companies with large floating rate debt exposure. However, at year-end, real estate equities rose after the U.S. Federal Reserve Board signalled the potential end of its cycle of raising interest rates.

U.S. existing home sales declined significantly as the cost of new home ownership rose, which led builders to increase development of apartments, particularly in the U.S. Sunbelt. This supply put negative pressure on existing rents, leading to underperformance of the apartment sub-sector.

In Canada, fears of government intervention in the rental market caused underperformance in the apartment sector. These fears diminished in the second half of the year as the focus turned to the need for increased housing supply.

The opening of China post-pandemic and the subsequent restoration of supply chains aided both the retail and industrial real estate sub-sectors. Inventory volumes increased the need for warehousing, and restored inventories kept bringing shoppers back to the mall.

During the last quarter of 2023, the Fund's industry exposures to health care and data centres detracted slightly from performance. Allocation to Canadian retail REITs in the early part of the year was a detractor from performance as fears of a Canadian recession weighed on the stocks. The Fund's holdings in H&R REIT, RioCan REIT and Camden Property Trust also detracted.

H&R REIT was affected by sudden management changes, which called restructuring plans into question. RioCan REIT was affected by investors' fears of a recession. In addition, rising interest rate pressures reduced the implied value of its future apartment development opportunities. Camden Property Trust's stock was affected by the amount of supply in the U.S. Sunbelt markets, which put pressure on existing rents.

During the first part of the year the Fund benefited from exposure to health care REITs in Canada and the U.S., as the sector normalized. Data centre REITs also performed well as the market began to

appreciate the significant infrastructure required by artificial intelligence. During the last quarter of the year, the Fund benefited from cell tower REITs, which showed growth despite higher debt levels. Office REITs also contributed to performance in the latter part of the period.

Top individual contributors to performance included holdings in Chartwell Retirement Residences, FirstService Corp. and Boardwalk REIT. Chartwell's financials recovered as pandemic-era pressures were relieved and occupancy returned. FirstService continued to grow its collection of businesses that service the real estate industry. Boardwalk benefited from its Alberta apartment portfolio amid strong economic recovery in Calgary and Edmonton.

A new holding in Minto Apartment REIT was added to the Fund. The company has a high-quality portfolio of newer apartments and had addressed the Sub-Advisor's concerns about floating debt exposure and a more controlled growth rate through acquisitions. An existing holding in Allied Properties REIT was increased as the Sub-Advisor believed, despite challenges in the office segment, that the market was being too negative about the stock.

Summit Industrial Income REIT was eliminated as it was acquired by Dream Industrial REIT. The Sub-Advisor trimmed the Fund's holding in FirstService as its stock price rose significantly through the year-and, approaching its pricing target.

Recent Developments

Effective April 27, 2023, Bryan Houston was appointed Chair of the Independent Review Committee.

The COVID-19 pandemic and the Russia-Ukraine war have disrupted the global economy and financial markets in unprecedented and unpredictable ways. This has resulted in significant volatility and uncertainty in financial markets. It is unclear what further actions may be taken by governments and the resulting impact on global economies, businesses and financial markets. Inflation has increased in many markets across the globe, leading central banks to raise interest rates in order to counter rapidly rising prices. These factors may adversely affect the performance of the Fund. The Manager continues to monitor ongoing developments and the impact to investment strategies.

Related Party Transactions

CIBC and its affiliates have the following roles and responsibilities with respect to the Fund, and receive the fees described below in connection with their roles and responsibilities.

Manager

CIBC is the Fund's manager (referred to as the *Manager*). CIBC receives management fees with respect to the Fund's day-to-day business and operations, calculated based on the net asset value of each respective class of units of the Fund as described in the section entitled *Management Fees*. The Manager compensates its wholesalers in connection with their marketing activities regarding the Fund. From time to time, CIBC may invest in units of the Fund.

The Manager pays the Fund's operating expenses (other than certain fund costs) in respect of the class of units of the Fund (except class O unit), which may include but are not limited to, operating and administrative costs; regulatory fees; audit, and legal fees and expenses; trustee, safekeeping, custodial, and any agency fees; and

investor servicing costs and costs of unitholder reports, prospectuses, Fund Facts, and other reports, in exchange for the Fund paying a fixed rate administration fee (plus applicable GST/HST) to the Manager with respect to those class of units. For class O units, no fixed administration fee will be charged. The Manager pays the Fund's operating expenses (other than certain Fund costs) allocated to Class O units of the Fund. The fixed administration fee payable by the Fund, may, in any particular period, exceed or be lower than the expenses we incur in providing such services to the Fund.

Trustee

CIBC Trust Corporation, a wholly-owned subsidiary of CIBC, is the Fund's trustee (referred to as the *Trustee*). The Trustee holds title to the Fund's property (cash and securities) on behalf of its unitholders.

Portfolio Advisor

The portfolio advisor provides, or arranges to provide, investment advice and portfolio management services to the Fund. CAMI, a wholly-owned subsidiary of CIBC, is the Fund's portfolio advisor.

Distributor

Dealers and other firms sell the units of the Fund to investors. These dealers and other firms include CIBC's related dealers such as the principal distributor, CIBC Securities Inc. (referred to as *CIBC SI*), the CIBC Investor's Edge discount brokerage division of CIBC Investor Services Inc. (referred to as *CIBC ISI*), the CIBC Imperial Investor Service division of CIBC ISI, and the CIBC Wood Gundy division of CIBC World Markets Inc. (referred to as *CIBC WM*). CIBC SI, CIBC ISI, and CIBC WM are wholly-owned subsidiaries of CIBC.

CIBC may pay trailing commissions to these dealers and firms, in connection with the sale of units of the Fund. These dealers and other firms may pay a portion of these trailing commissions to their advisors who sell units of the Fund to investors.

Brokerage Arrangements and Soft Dollars

The Portfolio Advisor and any portfolio sub-advisors make decisions, including the selection of markets and dealers and the negotiation of commissions, with respect to the purchase and sale of portfolio securities, certain derivative products and the execution of portfolio transactions. Brokerage business may be allocated by the Portfolio Advisor and any portfolio sub-advisors, to CIBC WM and CIBC World Markets Corp., each a subsidiary of CIBC. CIBC WM and CIBC World Markets Corp. may also earn spreads on the sale of fixed income and other securities and certain derivative products to the Fund. A spread is the difference between the bid and ask prices for a security in the applicable marketplace, with respect to the execution of portfolio transactions. The spread will differ based upon various factors such as the type and liquidity of the security.

Dealers, including CIBC WM and CIBC World Markets Corp., may furnish goods and services, other than order execution, to the Portfolio Advisor and any portfolio sub-advisors, in partial exchange for processing trades through them (referred to in the industry as "soft dollar" arrangements). These goods and services are paid for with a portion of the brokerage commissions and assist the Portfolio Advisor and any portfolio sub-advisors, with investment decision-making services for the Fund or relate directly to the execution of portfolio transactions on behalf of the Fund. As per the terms of the portfolio

sub-advisory agreements, such soft dollar arrangements are in compliance with applicable laws.

During the period, the Fund paid brokerage commissions and other fees of \$525 to CIBC WM; the Fund did not pay any brokerage commissions or other fees to CIBC World Markets Corp. Spreads associated with fixed income and other securities are not ascertainable and, for that reason, cannot be included when determining these amounts.

Fund Transactions

The Fund may enter into one or more of the following transactions (referred to as the *Related Party Transactions*) in reliance on the standing instructions issued by the IRC:

- invest in or hold equity securities of CIBC or issuers related to a portfolio sub-advisor;
- invest in or hold non-exchange-traded debt securities of CIBC or an issuer related to CIBC, with terms-to-maturity of 365 days or more, issued in a primary offering and in the secondary market;
- make an investment in the securities of an issuer for which CIBC WM, CIBC World Markets Corp., or any affiliate of CIBC (referred to as a *Related Dealer* or the *Related Dealers*) acts as an underwriter during the offering of the securities or at any time during the 60-day period following the completion of the offering of such securities (in the case of a "private placement" offering, in accordance with the exemptive relief order granted by the Canadian securities regulatory authorities and in accordance with the policies and procedures relating to such investment);
- purchase equity or debt securities from or sell them to a Related Dealer, where it is acting as principal;
- undertake currency and currency derivative transactions where a Related Dealer is the counterparty;
- purchase securities from or sell securities to another investment fund or a managed account managed by the Manager or an affiliate; and
- engage in in-specie transfers by receiving portfolio securities from, or delivering portfolio securities to, a managed account or another investment fund managed by the Manager or an affiliate, in respect of a purchase or redemption of units in the fund, subject to certain conditions.

At least annually, the IRC reviews the Related Party Transactions for which they have issued standing instructions. The IRC is required to advise the Canadian securities regulatory authorities, after a matter has been referred or reported to the IRC by the Manager, if it determines that an investment decision was not made in accordance with a condition imposed by securities legislation or the IRC in any Related Party Transactions requiring its approval.

Custodian

CIBC Mellon Trust Company is the Fund's custodian (referred to as the *Custodian*). The Custodian holds all cash and securities for the Fund and ensures that those assets are kept separate from any other cash or securities that the Custodian might be holding. The Custodian also provides other services to the Fund including record-keeping and processing of foreign exchange transactions. The fees and spreads for the services of the Custodian directly related to the execution of

portfolio transactions by the Fund are paid by CAMI and/or the dealer(s) directed by CAMI, up to the amount of the credits generated under soft dollar arrangements from trading on behalf of the Fund during that month. All other fees and spreads for the services of the Custodian are paid by the Manager and charged to the Fund on a recoverable basis. CIBC owns a 50% interest in the Custodian.

Service Provider

CIBC Mellon Global Securities Services Company Inc. (referred to as *CIBC GSS*) provides certain services to the Fund, including securities lending, fund accounting and reporting, and portfolio valuation. Such servicing fees are paid by the Manager and charged to the Fund on a recoverable basis. CIBC indirectly owns a 50% interest in CIBC GSS.

CIBC Canadian Real Estate Fund

Financial Highlights

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the period ended December 31.

^a Information presented is for the period from the inception date to December 31.

^b Initial offering price.

^{*} Ratio has been annualized.

¹ This information is derived from the Fund's audited annual financial statements.

² Net assets and distributions are based on the actual number of units outstanding at the relevant time. The total increase (decrease) from operations is based on the weighted average number of units outstanding during the period.

³ Distributions were paid in cash, reinvested in additional units of the Fund, or both.

⁴ This information is presented as at December 31 of the period(s) shown.

⁵ Management expense ratio is based on the total expenses of the Fund (excluding commissions and other portfolio transaction costs), incurred by or allocated to a class of units for the period shown, expressed as an annualized percentage of the daily average net asset value of that class during the period. The management expense ratio includes the fees attributable to exchange traded funds, where applicable.

⁶ The decision to waive management fees is at the discretion of the Manager. The practice of waiving management fees may continue indefinitely or may be terminated at any time without notice to unitholders. The management expense ratio before waivers or absorptions includes the fees attributable to exchange traded funds, where applicable.

⁷ The trading expense ratio represents total commissions and other portfolio transaction costs before income taxes expressed as an annualized percentage of the daily average net asset value during the period. Spreads associated with fixed income securities trading are not ascertainable and, for that reason, are not included in the trading expense ratio calculation.

⁸ The portfolio turnover rate indicates how actively the portfolio advisor and/or portfolio sub-advisor manages the portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a portfolio turnover rate in a period, the greater the trading costs payable by the Fund in the period, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund.

Management Fees

The Fund, either directly or indirectly, pays CIBC an annual management fee to cover the costs of managing the Fund. Management fees are based on the Fund's net asset value and are calculated daily and paid monthly. Management fees are paid to CIBC in consideration for providing, or arranging for the provision of, management, distribution, and portfolio advisory services. Advertising and promotional expenses, office overhead expenses and trailing commissions are paid by CIBC out of the management fees received from the Fund. The Fund is required to pay applicable taxes on the management fees paid to CIBC. Refer to the Simplified Prospectus for the annual management fee rate for each class of units. For Class O units, the management fee is negotiated with and paid by, or as directed by, unitholders or dealers and discretionary managers on behalf of unitholders. Such Class O management fee will not exceed the Class F unit management fee rate.

The following table shows a breakdown of the services received in consideration of the management fees, as a percentage of the management fees collected from the Fund for the period ended December 31, 2023. These amounts do not include waived fees or absorbed expenses.

	Class A Units	Class F Units
Sales and trailing commissions paid to dealers	15.16%	0.00%
General administration, investment advice, and profit	84.84%	100.00%

Past Performance

The performance data provided assumes reinvestment of distributions only and does not take into account sales, redemption, distribution, or other optional charges payable by any unitholder that would have reduced returns. Past performance does not necessarily indicate how a fund will perform in the future.

The Fund's returns are after the deduction of fees and expenses, and the difference in returns between classes of units is primarily due to differences in the management expense ratio. See the *Financial Highlights* section for the management expense ratio.

Year-by-Year Returns

These bar charts show the annual performance of each class of units of the Fund for each of the periods shown, and illustrate how the performance has changed from period to period. These bar charts show, in percentage terms, how an investment made on January 1 would have increased or decreased by December 31, unless otherwise indicated.

† 2020 return is for the period from July 6, 2020 to December 31, 2020.

† 2015 return is for the period from October 30, 2015 to December 31, 2015.

Annual Compound Returns

This table shows the annual compound return of each class of units of the Fund for each indicated period ended on December 31, 2023. The annual compound total return is also compared to the Fund's benchmark(s).

The Fund's primary benchmark is the S&P/TSX Composite Index.

The Fund's blended benchmark (referred to as *Blended Benchmark*) is comprised of the following:

- 40% S&P/TSX Capped Real Estate Index
- 40% S&P/TSX Capped REIT Index
- 20% MSCI U.S. REIT Index

CIBC Canadian Real Estate Fund

	1 Year (%)	3 Years (%)	5 Years (%)	10 Years* (%)	or Since Inception* (%)	Inception Date
Class A units	8.1	2.1	4.8	5.3		September 22, 1997
S&P/TSX Composite Index	11.8	9.7	11.3	7.6		
Blended Benchmark	6.7	5.4	5.1	6.9		
Class F units	9.3	3.3			5.6	July 6, 2020

Blended Benchmark	6.7	5.4	5.1		5.9	

* If a class of units has been outstanding for less than 10 years, the annual compound return since inception is shown.

MSCI U.S. REIT Index is a free float-adjusted market capitalization-weighted index that is intended to represent the U.S. real estate investment trust sector and includes companies that are engaged in property ownership and management.

S&P/TSX Capped REIT Index is intended to represent the Canadian real estate sector and includes companies listed on the TSX that are engaged in real estate management and development. Any constituent's relative weight is capped at 25%.

S&P/TSX Capped Real Estate Index is intended to represent the Canadian real estate sector and includes companies listed on the TSX that are engaged in real estate management and development. Any constituent's relative weight is capped at 25%.

S&P/TSX Composite Index is intended to represent the Canadian equity market and includes the largest companies listed on the TSX.

A discussion of the Fund's relative performance compared to its benchmark(s) can be found in *Results of Operations*.

Summary of Investment Portfolio (as at December 31, 2023)

The summary of investment portfolio may change due to ongoing portfolio transactions of the investment fund. A quarterly update is available by visiting www.cibc.com/mutualfunds. The Top Positions table shows the Fund's 25 largest positions. If the fund holds fewer than 25 positions in total, all positions are shown.

A note on forward-looking statements

The management report of fund performance may contain forward-looking statements. Forward-looking statements include statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as "expects", "anticipates", "intends", "plans", "believes", "estimates", or other similar wording. In addition, any statements that may be made concerning future performance, strategies, or prospects and possible future actions taken by the fund, are also forward-looking statements. Forward-looking statements are not guarantees of future performance. These statements involve known and unknown risks, uncertainties, and other factors that may cause the actual results and achievements of the fund to differ materially from those expressed or implied by such statements. Such factors include, but are not limited to: general economic, market, and business conditions; fluctuations in securities prices, interest rates, and foreign currency exchange rates; changes in government regulations; and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. CIBC does not undertake, and specifically disclaims, any obligation to update or revise any forward-looking statements, whether as a result of new information, future developments, or otherwise prior to the release of the next management report of fund performance.
